

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS UNITED STATES AIR FORCE
WASHINGTON DC

MEMORANDUM FOR ALMAJCOM/CE
HQ USAFA/CE

19 JUL 98

FROM: HQ USAF/ILE
1260 Air Force Pentagon
Washington DC 20330-1260

SUBJECT: Clarification of Policies and Procedures for Privatizing Air Force Utility Systems

References: (a) Air Force Utilities Privatization Policy and Guidance Manual, Oct 98
(b) Defense Reform Initiative Report, 10 Nov 97
(c) Defense Reform Initiative Directive #49, Dec 98
(d) OSD Policy, Privatization of Defense Utility Systems, Dec 98
(e) Air Force Utilities Privatization Implementation Plan, 30 Dec 98

Since we provided you the Air Force Utilities Privatization Policy and Guidance Manual in Oct 98, the Acting Secretary of the Air Force approved the Air Force Utilities Privatization Implementation Plan. In addition, we have started analysis of 165 systems and are diligently working to award all remaining system analyses to complete our FY99 program effort. We appreciate your tremendous support in initiating this program and solicit your continued assistance to accomplish OSD's goals.

An update to Air Force policies and procedures for privatization of our utility systems is attached. This document includes clarifications on guidance from Defense Reform Initiative Directive #49 (OSD's recently published policy on privatization of Defense utility systems) and lessons we have learned in privatizing our utility systems.

Our point of contact for utility privatization matters is Lt Col Alberto Armesto, AF/ILEIO, 604-4017, email: Alberto.Armesto@pentagon.af.mil

MICHAEL A. AIMONE, P.E.
The Deputy Civil Engineer
